May 1, 2019 (ATLANTA) — The Organization for Safety, Asepsis and Prevention (OSAP) announces Sterisil as their newest Super Sponsor. This new sponsorship will assist OSAP in continuing its mission of being the world's leading provider of education that supports safe dental visits.

OSAP is proud of its super sponsors that generously contribute to The Safest Dental Visit™. OSAP's other super sponsors include:

- Air Techniques
- Benco Dental
- Coltene
- Crosstex International
- Darby Dental Supply
- Dentsply Sirona
- Henry Schein Dental
- Hu-Friedy
- Kerr TotalCare
- Midmark Corporation
- Patterson Dental
- SciCan
- Tuttnauer USA

“Infection control is an essential component in the modern dental environment. As a manufacturer in this space, we recognize the importance of organizations like OSAP for their expertise and real-world experience on what works and what doesn't in the dental environment,” writes Jerod Mendolia, Marketing Coordinator for Sterisil. “Sterisil is very proud to join the OSAP community of experts as a super sponsor with the hope of contributing our wealth of knowledge

in making the dental waterline safe for patients, staff, and equipment.”

About Sterisil

Sterisil® is a full-service dental water compliance company specializing in the development of residual silver antimicrobial products and infection control protocols that eliminate microbial contaminants in dental unit waterlines. Sterisil offers shock and maintenance treatments that are fully compatible, and carry an EPA registration and quantified claim for effectiveness to $\leq 10\text{CFU/ml}$. Our national team of dental water compliance specialists can assist and facilitate in the implementation of compliant dental water use for any size practice. We strive to empower dental professionals with the tools and expertise necessary to deliver compliant dental water for every patient visit.

About OSAP

The Organization for Safety, Asepsis and Prevention (OSAP) is the only dental membership association solely focused on infection prevention and patient safety education. Our members include individual clinicians, group practices, educators, researchers, consultants, trainers, compliance directors, policymakers, and industry representatives who advocate for safe and infection-free delivery of oral healthcare. OSAP focuses on strategies to improve compliance with safe practices and on building a strong network of recognized infection control experts. OSAP offers an extensive online collection of resources, publications, FAQs, checklists, and toolkits that help dental professionals deliver the Safest Dental Visit for their patients. Plus, online and live courses help advance the level of knowledge and skill for every member of the dental team. For additional information, visit osap.org.
